the world  
to use

for my child

# Use yegreena glove Tissue!

- When cleaning your child's body, you can wipe every nook and cranny with a glove wipe.
- Even when your child turns over, you can conveniently use a glove wipe.

# YEGREENA

Use it in times like this!

- 1 When wiping foreign substances from your face
- 2 When simply wiping your face and body after exercising, such as golf
- 3 Easy to use in places without water facilities, such as fishing or camping
- 4 When the caregiver cleans the patient's face and body
- 5 Used to wipe stool when changing a baby's diaper
- 6 In case of fire, cover your mouth and nose when evacuating.
- 7 When firefighters easily wipe their faces after extinguishing a fire

## Environmentally conscious yegreena glove tissue

- It is a more convenient product as it comes in a glove format.
- It is a luxurious yet eco-friendly product.
- This is a product that your child can use with confidence.
